

7th ANNUAL

RAYSTATION USER FORUM

HOSTED BY RAYSEARCH AMERICAS

17–18 November 2018

MIAMI, FLORIDA

We are happy to welcome you to the 7th annual RayStation User Forum. This is the ideal opportunity to get in-depth insight from RaySearch functionality owners and RayStation specialists. The meeting is also the perfect forum for sharing experiences with other RayStation users in an informal setting.

Keynote speakers

Fight cancer with code. How RaySearch is helping through software innovation.

Johan Löf
Founder & CEO RaySearch Laboratories
Stockholm, Sweden

Efficiency improvements with RayStation

Nick West, Lead Clinical Scientist
The Northern Centre for Cancer Care
Newcastle, UK

Program highlights

- Machine learning*
- News in RayStation 8
- Enhancement requests
- RayCare*
- Deliverable VMAT MCO
- Robust evaluation
- MC Dose for photon*
