

INVITATION TO THE FIRST

APAC PARTICLE THERAPY MEETING

10 OCTOBER 2018 | KYOTO, JAPAN

Welcome to the first APAC particle therapy taking place in Japan. In 2019, we will arrange one for the European market, in the UK, right before PTCOG.

Meeting: 11:00–19:00

Dinner: 20:00

Venue: Hotel Granvia Kyoto

INVITED SPEAKERS

Commissioning of RayStation for Mitsubishi universal nozzle in proton therapy

Dr. Takashi Akagi

Support Plan Division Manager of HIBMS, Hyogo Ion Beam Medical Support, Japan

Clinical implementation of Monte Carlo dose calculation in proton beam therapy

Dr. Tony Wong, PhD, DABR

Director, Medical Physics & Dosimetry, Seattle Cancer Care Alliance Proton Therapy Center, USA

Treatment of moving targets with particle beams

Dr. Shinichiro Mori, PhD, MPH, RT

Team leader, Medical Physicist
National Institute of Radiological Sciences Research Center (NIRS) for Charged Particle Therapy Medical Physics Research Program Image Guided Radiotherapy Research Team

REGISTER BY MONDAY SEPTEMBER 3

Takeshi Kosuga

Regional Business Director,
RaySearch Japan K.K.

DISCOVER THE LATEST ADVANCEMENTS IN PARTICLE THERAPY TREATMENT PLANNING

PROGRAM

Erik Traneus

Senior Physicist,
RaySearch Laboratories
Stockholm, Sweden

Proton Monte Carlo review and
LET/RBE optimization

Lars Glimelius

Team leader,
RaySearch Laboratories
Stockholm, Sweden

Carbon planning in RayStation –
Functionality and models

Gloria Lee

Application Specialist,
RaySearch Laboratories
Singapore

Advanced functionalities in RayStation

Emil Ekström

Chief Functionality Owner of RayStation,
RaySearch Laboratories
Stockholm, Sweden

RayStation and RayCare roadmap

Live demonstrations, followed by Q&A
