

Welcome to an evening with RaySearch

MINNEAPOLIS, MN

SPEAKERS

Dr. Shiva Das, PhD, FAAPM.

Professor and Director of Medical Physics,
University of North Carolina

Dayna Bodensteiner

Director of Product Management,
RaySearch Americas

THURSDAY MARCH 7

RaySearch would like to invite you to an educational evening to discover the latest clinical innovations in advancing Radiation Oncology. The topics will unfold technologies in automation, advanced planning techniques, deep learning and adaptive radiotherapy. All of which play a key role in revolutionizing patient care and user experience.
